## **JetQuik Delivers Phenom 100s to Finnish Aviation Academy.**

**November 8, 2010: JetQuik has completed delivery of two Embraer Phenom 100 jets to the Finnish Aviation Academy in Pori, Finland. Both Phenom 100s will be joining the Finnish AA flight training department that has been utilizing King Air 300s.**

**Bill Minkoff, president of JetQuik, believes this to be the first use of the Phenom 100 exclusively for flight training. Said Minkoff, "The Phenom 100 will greatly enhance the ability of Finnish Aviation Academy to graduate a fully-qualified jet pilot." He went on to note that, "the ease of operation of the Phenom utilizing advanced Garmin Prodigy avionics will ensure a smooth transition by graduates to airline equipment."**

**Mr Juha Siivonen, Managing Director of Finnish Aviation Academy noted that, "JetQuik has more Phenom deliveries to Europe than anyone giving us great confidence in the delivery process." Mr. Petri Louhivuori, Commercial Director Finnair Flight Operations Division participated in the acceptance proceedings explaining that "JetQuik's extensive international experience offered us cost savings and was the prime factor in the selection of JetQuik for the Finnish deliveries."**

**Minkoff noted that Esa Lohikivi, Director of Maintenance for Finnish Aviation Academy, took the lead for the Finnish delivery program in Sao Jose dos Campos, Brasil. Minkoff commenting on the professionalism of the Finnish said, "Esa directed the acceptance of both Phenoms in a thoroughly professional manner, ensuring the highest standards were met during the acceptance process."**

**JetQuik, LLC is engaged in assisting clients with the acceptance and delivery of Executive Jet aircraft world-wide. JetQuik provides mentoring to owner-pilots and professional pilots, with a staff of highly-experienced aviation professionals.**
